

DECLARATION

Contact with water for human consumption

189162 ICORENE 3560 NATURAL 0000

National Regulations for plastics to produce pipes and fittings in contact with drinkable water are in place in a few Countries like Italy (Decreto N.174/2004); Germany (KTW); The Netherland (Kiwa); France (ACS - Arrete 29.5.1997 and 24.6.1998); United Kingdom (WRAS). As regard to the composition of plastics to produce the above items, all countries refer to the respective regulations in place for plastics in contact with food.

As, in all countries, commission Regulation (EU) No 10/2011(as amended) is in place, the certification of compliance to this Regulation, given in another document is including also plastics in drinkable water applications.

The above mentioned product is in compliance with this (EU) No 10/2011 Regulation.
(see our foodcontact statements)

Final products coming into contact with potable water must comply § 1.3.3.5 "Grund- und Zusatzanforderungen" of the KTW-Empfehlung.

However these are beyond the control of A. SCHULMAN and are a part of the responsibility of the user of this product.

Final products coming into contact with potable water must comply BS 6920:2000

However these are beyond the control of A. SCHULMAN and are a part of the responsibility of the user of this product.

For Information:

WRAS - Water Regulations Advisory Scheme

The BS6920:2000 tests that WRAS require are:

- Odour and flavour of water in contact with the material
- Appearance of water in contact with the material
- Growth of aquatic micro-organisms on the material
- Extraction of substances that may be of concern to public health
- Extraction of metals.

Certification : WRAS Materials Tests : Steps to getting your material WRAS approved

The following steps are required to gain WRAS approval for a product for use in contact with drinking water.

- Applicant produces, sells or imports a new product or material
- Applicant completes Application Form
- Applicant sends completed Application Form to WRc-NSF Materials Testing Laboratory
- WRc-NSF confirms test requirements, samples requirements and charges with Applicant
- Applicant authorizes testing and sends appropriate samples to WRc-NSF

- WRc-NSF carries out tests and prepares Test Report
- WRc-NSF sends Test Report to Applicant
- If product complies with test criteria, the Applicant sends report to The Water Regulations Advisory Scheme
- WRAS lists the material or product in the Water Fitting and Materials Directory (WFMD) and informs Applicant by letter that the product is approved.
